

Bespoke Funeral Tributes

Brochure

A BESPOKE FAREWELL

We believe everyone deserves a unique and befitting farewell. So we specialise in helping families and friends give personal, naturally-styled floral tributes, curated from our beautiful field-grown British flowers. Our friendly service and simple process will enable you to choose that special floral tribute for your loved one, safe in the knowledge that you are also making a sustainable choice.

As we grow alongside Nature, the flowers we have available to us change every few weeks throughout the year. Whatever the season, we always pick the freshest, most beautiful stems from our field, to ensure that each and every piece is as uniquely impressive as the last. Many of our varieties are British garden favourites, which evoke cherished memories and bring welcome familiarity. Our natural and informal floristry style, hopes to give our customers a tribute that celebrates their loved-ones in a way that is bespoke to them.
